

Chartwell Resource Group Ltd. is an established consulting firm that provides innovative solutions and outstanding quality services to solve challenging issues in the natural resource sector. Serving a diverse client base, our highly skilled and collaborative team of Engineers, Foresters, Project Managers, GIS Specialists, and Biologists strive to deliver solutions that are operationally practical and environmentally responsible.

Overview:

Chartwell Resource Group Ltd. is looking for outstanding individuals to join our Engineering and Roads team. Our mission is to provide the highest caliber of service to meet the needs of our clients, and we are only as good as the people on our team. We are looking for a temporary full-time experienced **AutoCAD / Drafting Technician** for a **one-year term**, to fulfill key roles within of our professional team. The position can be based out of North Vancouver or Chilliwack.

What We Offer:

- Opportunities to grow and build your career in an environment that recognizes talent
- A competitive salary commensurate with experience
- A comprehensive benefits package
- A fun yet professional and safety-oriented work environment
- A diverse range of work with a multitude of clients and across a variety of sectors

Job Description:

Applicants should expect primarily office-based duties (90%) and will be involved in preparing AutoCAD Civil 3D design packages for engineered crossings, roads, and other resource-related infrastructure projects. Successful candidates will join our team of EGBC/FPBC/CAB/ISA accredited staff. Responsibilities for this position will include, but are not limited to:

- Resource road and crossing design using AutoCAD Civil 3D
- Lidar based road designs using RoadENG software
- Site surveys using a total station and RTK GPS
- Hydrology and hydraulic analysis for crossing structures
- Preparing technical reports and data analysis

Qualifications:

- 3-5 years experience using AutoCAD Civil 3D with a strong emphasis on topographic surface design, grading, and corridor modelling
- Experience working with spatial data and mapping systems
- A positive attitude and a strong attention to detail
- Registered or eligible for registration with either EGBC or the ASTTBC is considered an asset
- Relevant experience in the resource industry of BC is considered a strong asset
- Valid Class 5 British Columbia Drivers License

Salary Range: \$35.00 - \$45.00 Hourly

Application:

If you are interested in working with us, please forward your resume to engineeringteam@crgl.ca. Applications will be accepted until the position is filled. We look forward to hearing from you!

We thank all applicants for their interest; however, only those selected for an interview will be contacted.
