- A diverse range of work with a multitude of clients
- A fun, professional and safety-first work environment
- Flexible work arrangements ensuring work life integration

Job Responsibilities:

This position offers a combination of field and office work, and its responsibilities will generally include:

- Managing our capital projects portfolio, guiding project decisions regarding technical approach, cost implications and project scheduling.
- Taking responsibility for project execution, and oversight of forestry team members, sub-contractors, and consultants to ensure the highest quality of work is provided to our clients
- Ensuring work meets the established standards for quality control and for safety.
- Communicating directly with clients as it relates to project inquiries and updates.
- Managing your team's schedules, time off requests, overtime approvals and performance reviews
- Preparing peer review, reports, professional assessments, and permit applications
- Overseeing and supporting field duties

Qualifications:

- 2–5+ years of project management experience in the forestry sector
- RPF or RFT designation is a must
- Excellent leadership abilities and experience managing a team
- Strong Professional communication skills
- Valid Class 5 British Columbia Driving License; experience driving 4x4 trucks and ATVs
- Physically fit and able to work outdoors; willing to work in diverse and demanding conditions

Compensation:

- The hourly range is between \$40-\$47 and will be commensurate with experience.

Application:
